**THEME: CONTROVERSIES AND CONSENSUS**

## WELCOME MESSAGE

Dear Friends and Colleagues,

It gives me immense pleasure to welcome you to SKICON 2025 - the First Annual Meeting of the Society of Knee Surgeons of India (SKI) - being held at the vibrant city of Hyderabad, from November 14th to 16th, 2025.

This inaugural meeting is not just a conference. It is the beginning of a bold and focused journey - a national platform exclusively for knee surgeons, created to foster excellence, learning, and leadership in this super-specialty.

The theme, "Controversies and Consensus," reflects the dynamic reality of modern knee surgery. As techniques evolve, technologies emerge, and paradigms shift, we often find ourselves balancing between what's new and what's right. This conference aims to engage with these debates head-on - through high-level scientific sessions, live surgeries, case-based panels, and open-floor discussions led by some of the most respected names in our field.

It is heartening to see such overwhelming enthusiasm from senior mentors, rising stars, and dedicated practitioners alike. Your participation is what gives SKI its strength and purpose.

I thank each of you for being a part of this historic moment. May this meeting ignite ideas, forge collaborations, and reaffirm our shared commitment - to science, to skill, and above all, to the well-being of our patients.
